

A businessman, entrepreneur and, ultimately, a philanthropist, Albert Herzstein dedicated his later years to the charitable foundation that bears his name and that of his equally generous wife, Ethel. Through its gifts, the Herzstein Foundation honors the ideals of personal responsibility and resourcefulness, limited government, self-sufficiency, the right of all individuals to enjoy life in a free society, and the importance of providing opportunities for people to help themselves.

Our Mission

The Herzsteins' lives symbolize the American dream and the importance of living life to its fullest. They embraced the American spirit and ideals which encourage self-sufficiency and the free enterprise system, but did not forget the importance of helping those who, due to circumstances, were unable to help themselves.

The Herzsteins held a genuine respect for all people and the precious gift of life. Their generosity, through sharing their many blessings, has shaped and changed lives in the community. The Foundation strives to embody the spirit of the Founders by respecting all individuals and their ability to achieve the highest quality of life.

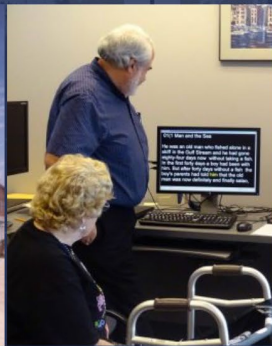

The Herzstein Foundation, by means of its grant program, continues the work of Albert and Ethel Herzstein, leaving their "footprints" by supporting charitable efforts that offer individuals opportunities for advancement through education, enrich the human spirit, and contribute to the quality of life in our society.

THE NATIONAL WORLD WAR II MUSEUM

The National WWII Museum's mission is to tell the story of the American experience in *the war that changed the world*—why it was fought, how it was won, and what it means today—so that all generations will understand the price of freedom and be inspired by what they learn. Specifically, the Museum's Distance Learning Initiatives are designed to teach and engage students who are unable to attend the museum in person. Students are given the opportunity to interact with Museum educators and learn about rare artifacts and stories in the Museum's collection. The Distance Learning Initiative seeks to inspire teachers and fortify their history curriculum as students are educated about the values, contributions, and sacrifices of the WWII generation while learning how they are relevant today.

Hurricane Harvey

Hurricane Harvey was a Category 4 major hurricane that inflicted \$125 billion in damage, mostly from catastrophic rainfall-triggered flooding in the Houston metropolitan area. More than 40 inches of rain was received in many areas over just a 4-day period. Following the devastating impact of Hurricane Harvey, the Herzstein Charitable Foundation responded by providing over a half million dollars in relief funds to organizations across the Houston community.

While the devastation of this natural disaster was immense and much is left to be done, the Herzstein Foundation is proud to be a part of the positive effect and subsequent unity the recovery process has created in our great city.

In recent years, the foundation has awarded grants totaling more than \$4 million annually. Since the foundation's inception, it has granted more than 4,700 requests to distribute more than \$79 million to organizations in need.
